Overall, Roxio Creator NXT 6 is an outstanding suite that really does cover all the bases.. I was unable to read the disk supplied with my purchase in April 2017 After several E-Mail exchanges with Roxio/Corel technical support their representative took over control of my computer remotely and managed to download the program files and install the software.. <https://ilxkqko.weebly.com/anylist-for-mac.html> This is my second purchase of Roxio Creator NXT 5.
